1) Introduction

Udston Primary School is one of 124 primary schools throughout South Lanarkshire Council.

South Lanarkshire Council is the fifth largest authority in Scotland. It covers the following main areas; Clydesdale in the south which features extensive rural areas, Cambuslang, Rutherglen, Blantyre and Uddingston to the north as well as the towns of East Kilbride and Hamilton.

The Council’s Plan Connect sets out the Council’s Vision to “improve the quality of life for all within South Lanarkshire”.

For Education Resources this means delivering services of the highest quality as well as striving to bridge the gap. It is about continually improving the services for everyone at the same time as giving priority to children, young people, families and communities in most need. The priorities for schools and services are set out in the Education Resources Plan which confirms the commitment to provide better learning opportunities and outcomes for children and young people.

The context for service delivery in Education Resources takes account of major national and local developments. These include a commitment to implement all aspects of the national programme, Curriculum for Excellence (CfE); a commitment to work in partnership with colleagues to meet the challenges of ‘Getting it Right for Every Child’; and an awareness of the need to seek continuous improvement as we embark on a Journey to Excellence. Locally, the community plan, Stronger Together and the ambitious outcomes for children within Education Resources’ framework of core policies help to inform the Resources Plan.

The aims of South Lanarkshire Council, Education Resources are shown on the back cover of the handbook.

It is hoped that with your support and the support of other parents that the school can work together in creating an environment where children can be successful learners, confident individuals, effective contributors and responsible citizens.

Curriculum for Excellence has now been introduced across Scotland for all 3-18 year olds – wherever they learn. It aims to raise standards, prepare our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world.

Curriculum for Excellence enables professionals to teach subjects creatively, to work together across the school and with other schools, to share best practice and explore learning together. Glow, Scotland’s unique, world-leading, online network supports learners and teachers in this and plans are already in place for parents across the country to have access to Glow.

Teachers and practitioners will share information to plan a child’s ‘learning journey’ from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring the change is smooth. They’ll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

Curriculum for Excellence balances the importance of knowledge and skills.

Every child is entitled to a broad and deep general education, whatever their level and ability. Every single teacher and practitioner will be responsible for literacy and numeracy – the language and number skills that unlock other subjects and are vital to everyday life.

It develops skills for learning, life and work to help young people go on to further study, secure work and navigate life. It brings real life into the classroom, making learning relevant and helps young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another, helping children understand the world and make connections. It develops skills so that children can think for themselves, make sound judgements, challenge, enquire and find solutions.
There will be new ways of assessing progress and ensuring children achieve their potential. There are new qualifications for literacy and numeracy since 2012/13, and new National 4 and 5 qualifications from 2013/14. Our well regarded Access. Highers and Advanced Highers will be updated to take account of and support the new approaches to learning and teaching.

There’s personal support to help young people fulfil their potential and make the most of their opportunities with additional support wherever that’s needed. There will be a new emphasis by all staff on looking after our children’s health and wellbeing-to ensure that the school is a place where children feel safe and secure.

Ultimately, Curriculum for Excellence aims to improve our children’s life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland’s reputation for great education.

**Educational Aims**

Our aims are to provide an education that will help all pupils to achieve their potential academically, physically, aesthetically and morally; to learn to live and work harmoniously with their peers and have respect for the attitudes and feelings of others. By doing this we hope to help pupils acquire the knowledge and skills relevant to a fast changing world which requires flexibility and adaptation; that they may take their place and play a useful part in their society.
2) About our school

Udston is a non denominational school for boys and girls; covering stages - Primary 1 to Primary 7 (i.e. pupils between 4 years and 12 years approximately). The present roll (December 2016) is 303 children and this roll has been steadily growing over the past few years. The catchment zone covers part of the Hillhouse Area of Hamilton as well as the Westcraigs Area of Blantyre.

As part of South Lanarkshire Council’s investment in improving school buildings, our new school building was opened to pupils on 18 October 2010. This new building provides a modern, well-equipped, stimulating and welcoming Teaching and Learning environment.

Our school was inspected, by HM Inspectorate of Education, in April 2010; and the report was published in May 2010. Particular Strengths of the School identified were:

- Outstanding Care and Welfare which creates a very positive environment for learning.
- Confident, well-behaved children who benefit from a wide range of opportunities for achievement.
- Partnership with parents and the wider community to support children’s learning and improve the school.
- Recent important improvements in providing high-quality learning experiences.
- Leadership for learning across the school.

An electronic copy of this report is available at [www.hmie.gov.uk](http://www.hmie.gov.uk)

As a result of the strong partnerships which exist amongst both teaching and support staff, the staff is a strength of the school. They are highly motivated, hardworking and committed to continuous improvement. A high level of nurturing from all staff leads to a strong ethos of pastoral care where achievement for all is promoted and celebrated throughout the school.

Teaching Staff (January 2017)
The teaching complement of the school is currently 14.5. The headteacher is responsible for the welfare of staff and pupils, links with parents and the community, discipline, in-service and administration.

**Enrolment**

If your child is starting school for the first time you must enrol your child at their catchment school in January. Parents should bring the child’s birth certificate with them and two proofs of residence. It is a good idea to bring the child along at this stage so that they can begin to form an idea of what happens when you go to school.

Children will be invited back into school for our Welcome Sessions during the summer term before they start to meet our infant staff and begin to get know the other boys and girls who will be in their class. The sessions take place over May and June, and are part of our transition programme. One of the sessions includes what is involved in starting school. You will also get to know what to expect in the first few weeks and months.

If parents want their child to go to another school, they must enrol in the first instance with their local school who will advise them of the next steps. Information leaflets that provide details on how to make a placing request are available from schools, QandA offices or by contacting Education Resources, Almada Street, Hamilton, telephone number 0303 123 1023. Completed forms should be returned as soon as possible to Education Resources, Almada Street, Hamilton ML3 OAE, unless completed online.

Enrolment date for 2017 is week commencing 16th January 2017.

**Flying Start Date**

Primary 1 pupils will be in school for full days from Thursday 17th August 2017 (first day of the new term.

**School Hours**

![Clock Image]

- **School Starts** 9.00am
- **Morning Interval** 10.30-10.45am
- **Lunch Break** 12.15-1.00pm
- **Dismissal** 3.00pm
3) Parental Involvement & Engagement

Relationships with our parents are strong. Parents are fully involved in their child’s learning through open days, staff/parent consultation, newsletters, class showcases of pupils’ achievements etc.

South Lanarkshire Council recognises the importance of parents as partners in the education of their child and has published a strategy entitled, ‘Making a difference – working together to support children’s learning’. This is available from the Council’s website: [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk).

Parents, carers and family members are by far the most important influences on children’s lives. Children between the ages of 5 and 16 children spend only 15% of their time in school! Research shows that when parents are involved in their child’s learning, children do better at school and throughout life. Parental involvement can take different forms but we hope you share the same aims and agree that by working together we can be partners in supporting children’s learning.

As parents/carers we want you to be:

- Welcomed and given an opportunity to be involved in the life of the school;
- Fully informed about your child’s learning;
- Encouraged to make an active contribution to your child’s learning;
- Able to support learning at home;
- Encouraged to express your views and involved in forums and discussions on education related issues.

Your commitments

We ask that you:

- Support and encourage your child’s learning
- Respect and adhere to the schools policies and guidance
- Let the school know if you change your mobile/telephone number and/or address
- Enjoy and take part in school activities
- Accept your responsibility to respect staff who work in the school and for the school to be proactive in taking forward its commitment to care for and educate your child.

To find out more on how to be a parent helper, or a member of the Parent Council just contact the school or visit our website.

Some useful information contacts for parents to find out more on education are as follows:-

- Parentzone – [www.parentzonescotland.gov.uk](http://www.parentzonescotland.gov.uk)
- South Lanarkshire Council – [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk)

Parent Council

We have an established Parent Council who is involved in decision making within the school. They liaise with other parents to ensure that parents’ views are considered in all matters. They are responsible for organising and running fund raising events throughout the year. Regular Newsletters, from the Parent Council, outlining forthcoming events are sent out to all parents. The Board can be contacted through the school or by contacting the following office bearers:

- Carol Mitchell (Chair)
- Laura Rainbow (Secretary)
- Diane Strang (Treasurer)

We are grateful to all parents for the support they offer throughout the year.
Schools and establishments should be the first point of contact for parents who wish to discuss issues about their child. Our aim is to resolve issues at local level. Education Resources wishes to promote liaison among schools, members of Parent Councils, parents/carers and with other services. We wish to provide advice and support to Parent Councils, parents/carers.

Any enquiries and concerns received from parents are taken seriously. In order to ensure that enquiries are dealt with effectively contact should be made in the first instance with the school.

4) School Ethos

We strive to embed the principles of the United Nations Convention on the Rights of the Child (UNCRC) and Getting It Right For Every Child (GIRFEC) at the heart of our school ethos to ensure pupils are aware of their rights, responsible actions and respectful behaviours and use these to make informed decisions. We developed a School Charter, and created characters known as the SHANARRI Family, which are based upon the Wellbeing Indicators outlined in GIRFEC, as well as the Articles contained in the UNCRC. This Charter is used to promote positive relationships, behaviours and attitudes throughout the school.

At Udston, we place a strong emphasis on celebrating and recognising the individual achievements and talents of all children. This is done in a wide range of contexts which reflect the interests of all our young people. We promote a safe, positive environment where our pupils can thrive, reflect on their successes and be the best they can be.

Citizenship

We promote Global Citizenship in many ways, one of which is through our commitment to Social Enterprise. This has been recognised through gaining a Social Enterprise in Schools Award two years consecutively, a first in Scotland, and also by winning the Scottish Youth Led Social Enterprise of the Year Award. We achieved our Level 1 Rights Respecting School Accreditation from UNICEF as a result of the work we have done to place children’s rights at the heart of the school’s ethos, policies and planning. We are committed to helping various charitable organisations including; Hamilton District Foodbank, Comic Relief, Sport Relief, UNICEF, Children in Need, the British Heart Foundation, and Cash for Kids. Our pupils are encouraged to regularly question their own and others’ assumptions and perceptions about people, places and issues and the important role they can play in influencing decision making. Teaching and learning about global citizenship focuses on educating our learners about local, national and global issues which affect them. Our children learn about fair and ethical trading and how they can take steps to live sustainably; this has been recognised through our recent Fair Active Award.

Health and Wellbeing

Health and Wellbeing is a priority and strength of the school and we use innovative approaches to empower our pupils to make positive decisions regarding their personal health and wellbeing. We have achieved and maintained our Gold Status as a Health promoting School.

Food Education

Following a successful Food for Thought grant award, we have been recognised by Education Scotland for our work in Food Education linking to national initiatives and working in partnership with local businesses to enhance learning.
Extra-Curricular Programme
At Udston, we have an extensive extra-curricular programme delivered either by staff in their own time or by local sports coaches. At the beginning of each school year, we ask our pupils which activities they would like to be included in our programme and try our best to cater to their needs and interests. The sporting activities we offer vary each term and have included; Girls’ & Boys’ Football; Netball; Athletics; Fencing; Badminton; Run, Jump & Throw; Fun Fitness; and Dance. We believe that school provides an excellent opportunity for children to develop an interest and passion for sport and physical activity. We have excellent links with our Active Schools Coordinator and local clubs in the community to ensure a clear pathway into sport should children wish to progress further.

We also provide a range of other extra-curricular activities including our annual school show club and outdoor learning. Various activities also take place during lunchtimes such as Book Club, Choir and Scripture Union.

Educational visits often take place throughout the year depending on the learning taking place in the classroom. Visits have included the Science Centre, Farms, Museums, Exhibitions, Libraries, and other places of interest.

Our Primary 7 pupils attend a 5 day residential trip to an Outdoor Centre such as Ardentinny where they experience a variety of exciting outdoor learning activities including rock hopping, gorge walking, canoeing, climbing and abseiling. The residential experience provides children with a unique context for learning in which they develop a range of skills including team working, problem solving and resilience.
Celebrating Success & Achievements
We are committed to providing our children with a variety of contexts for learning and offer many opportunities for personal achievement. Our yearly whole school talent show – ‘Udston’s Got Talent’ - allows children to showcase their individual talents to an audience of pupils, staff, parents and the wider community.

We have monthly awards assemblies where pupils from each class receive a special certificate in recognition of their hard work throughout the week. The assemblies are also used to share and celebrate any achievements or awards received outside of school.

Vertical Learning Pupil Committees
Curriculum for Excellence states that:

“Children and young people should be encouraged to contribute to the life and work of the school and, from the earliest stages, to exercise their responsibilities as members of a community. This includes opportunities to participate responsibly in decision-making, to contribute as leaders and role models, to offer support and service to others and to play an active part in putting the values of the school community into practice.”

We believe that all of our learners should feel valued and listened to and should have the opportunity to contribute their ideas and opinions within their classroom and in the wider life of our school. As such, each child from Primary 2-7 belongs to a pupil committee which meet for a block of sessions each term to focus on a specific area of school development. We call this approach vertical learning as it involves pupils from different stages and ages working together. This gives our older pupils the opportunity to take on leadership roles and support the younger children in the committee. Our committees include:

- Eco Committee
- Pupil Council
- Health & Wellbeing
- Website Committee
- Community Links
- Fairtrade
- Social Enterprise & Global Citizenship
- Enterprise & Fundraising

Eco School
As a two-time Green Flag awarded Eco School, we promote environmental awareness and encourage children, staff and the wider community to take positive action. Our Eco Committee, which consists of a mixture of representatives from Primary 2-7, review and discuss the school’s action plan and decide on next steps.

Learning Community
A learning community is made up of schools and education establishments from the area including the secondary school, primary schools, early years establishments, early years partners and schools and bases which provide specialist additional support services. It is about working together to plan better outcomes for children and young people.

The learning community develops ways of working between establishments and with other agencies and organisations to ensure services are responsive, accessible and are delivered as effectively as possible.

Each Learning Community is managed by a Head of Education (Area).
The Head of Education for our area is Stuart Nicolson
Education Resources
Almada Street
HAMILTON
ML3 0AE

All the establishments and services in a Learning Community share priorities for improvement and are involved in the deployment of additional support to meet the needs of the child and family.

Integrated Children’s Services
Education resources is a key partner in developing an approach which promotes the delivery of better integrated services to children, young people and their families.

Our vision for children and young people in South Lanarkshire is to ensure that they live in a community where they feel safe, included, nurtured and respected. They should be part of a society where they have the opportunity to maximise their full potential and have access to good quality health, education and leisure services and to have coordinated support for the most vulnerable.

Learning communities will strengthen the integration agenda at both strategic and local levels to enable a more collaborative approach in delivering services to all children.

A support team for integrating Children’s Services works across four education areas, and within the Council, enabling all services to children and families to plan and work together, to achieve our vision.

5) The Curriculum

Curriculum for Excellence is the name given to the new curriculum in Scotland for all children and young people aged 3-18. It is a forward looking, coherent, more flexible and enriched curriculum that provides young people with the knowledge, skills and attributes they will need if they are to flourish in life, learning and work, now and in the future.

The curriculum includes all of the experiences that are planned for children and young people to support the development of their skills, wherever they are being educated, for example in the family and community, pre-school centre, nursery and school. This broad, general education will allow them to become successful learners, confident individuals, responsible citizens and effective contributors to life in the 21st century.

In taking this forward our school will work closely with South Lanarkshire Education Resources and other services to enable Curriculum for Excellence to be fully embedded, ensuring the best possible education for all children and young people. We wish you to feel confident that your child is encouraged and supported to develop their literacy, numeracy and other skills whilst they attend our school. The curriculum areas are as follows:

- Expressive arts
- Languages and literacy
- Health and wellbeing
- Mathematics and numeracy
- Religious and moral education
- Science
- Social studies
- Technologies
If you want to know more about Curriculum for Excellence, please visit website www.curriculumforexcellence.gov.uk or www.parentzonescotland.gsi.gov.uk

Our learning and teaching activities are based on the outcomes and experiences in the guidelines that all schools have for Curriculum for Excellence.

**Health and Wellbeing**

Learning in Health and Wellbeing ensures that our children develop the knowledge and understanding, skills, capabilities and attributes which they need for mental, emotional, social and physical wellbeing now and in the future. Learning through health and wellbeing enables children to make informed decisions to improve their overall wellbeing, experience positive aspects of healthy living and activity for themselves, pursue a healthy lifestyle and establish a pattern of health and wellbeing which will be sustained into adult life.

**P.E.** - All classes participate in P.E. By making use of the outside space in our school, we ensure that all children have the opportunity to participate in P.E. for at least 2 hours each week. Dance, Gymnastics, Ball Handling and Athletics are all covered in the course of the year. The whole school Programme of Study for P.E. has enhanced the work being carried out, ensuring progression and continuity throughout the school.

P.7 pupils are given swimming instruction for part of the year.

**Mathematics and Numeracy**

Mathematics is important in our everyday life, allowing us to make sense of the world around us and to manage our lives. Using mathematics enables us to model real-life situations and make connections and informed predictions. It equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.

Mathematics plays an important role in areas such as science or technologies, and is vital to research and development in fields such as engineering, computing science, medicine and finance. Learning mathematics gives children access to the wider curriculum and the opportunity to pursue further studies and interests.

At all stages, teachers will employ Active Learning/Interactive strategies to teach mathematical concepts in order to ensure that the children are fully engaged in their learning.

We believe that it makes sense, for pupils, to learn how to make wise decisions on which method - mental, written or using a calculator - is appropriate in particular circumstances. However, we also believe that the calculator should not be allowed to provide unnecessary support, or substitute for the development of personal proficiency.
At all stages, on a daily basis, oral number skills are practised with whole class groups. It is hoped by continuing with this practice, our children will develop quick and accurate mental agility.

Teacher-made resources, Smartboard programmes, including Education City and EasiMaths, and Scottish Heinemann materials are the core resources used. Following recent In-Set Training delivered by Andrell Education, we will be piloting Big Maths throughout the school next session as an integral part of our Numeracy Programme.

Language and Literacy

Language and literacy are of personal, social and economic importance. Our ability to use language lies at the centre of the development and expression of our emotions, our thinking, our learning and our sense of personal identity. Language is itself a key aspect of our culture. Through language, children can gain access to the literacy heritage of humanity and develop their appreciation of the richness and breadth of Scotland’s literary heritage. Children encounter, enjoy and learn from the diversity of language used in their homes, their communities, by the media and by their peers.

Literacy is fundamental to all areas of learning, as it unlocks access to the wider curriculum. Being literate increases opportunities for the individual in all aspects of life, lays the foundation for lifelong learning and work, and contributes strongly to the development of all four capacities of Curriculum for Excellence.

Active Literacy Programme

All teaching staff have been trained in using North Lanarkshire Council’s Active Literacy Programme. Active Literacy is an approach which is underpinned by evidence based research and focuses on reading, writing, talking and listening. Through this approach, children are engaged in active and challenging tasks using a variety of exciting materials including magnetic letters and boards. In the early stages of Phonics and Spelling, children are taught to read, make, blend and write words using the ‘five finger approach’ Say, Make/Break, Blend, Read, Write. Children also learn and identify strategies which help them read and spell common and tricky words. As they progress through the school, the programme builds on what has been taught before and children are encouraged to continue to develop strategies for help with spelling and are also introduced to spelling rules.

In the infant stages of the school, the Reading element of Active Literacy does not consist of using a reading scheme. Instead a book banded approach is adopted. Books from a range of publishers and authors, covering fiction and non-fiction, with variation in style and content, are graded in a colour system. The children can then be working on any book in the colour banding, therefore being exposed to a wide variety of books. As children move up the school, the reading programme focuses on developing children’s Higher Order Thinking and Comprehension Skills using novels and non-fiction texts.
School Library
In August 2016, we officially opened our brand new Library with the help of BBC Reporting Scotland newsreader, Jackie Bird. Our Library was funded through grants from Education Scotland and the Co-Op Local Fund as well as school and Parent Council fundraising efforts. The Library is home to thousands of fiction and non-fiction books covering a range of genres, themes and interests. All children visit the Library on a weekly basis and borrow books to take home, it is also open to pupils during lunchtimes. The Library provides all children with the space and resources required to read for enjoyment and research their interests in an engaging and stimulating environment.

Social Studies
Through Social studies, children develop their understanding of the world by learning about other people and their values, in different times, places and circumstances; they also develop their understanding of their environment and of how it has been shaped. As they mature, children’s experiences will be broadened using Scottish, British, European and wider contexts for learning, while maintaining a focus on the historical, social, geographic, economic and political changes that have shaped Scotland. Children will learn about human achievements and about how to make sense of changes in society, of conflicts and of environmental issues. With greater understanding comes the opportunity and ability to influence events by exercising informed and responsible citizenship.

Expressive Arts.
The inspiration and power of the arts play a vital role in enabling our children to enhance their creative talent and develop their artistic skills.

By engaging in experiences within the Expressive Arts, our children will recognise and represent feelings and emotions, both their own and those of others.

Expressive Arts is the broad heading given to Music, Art and Drama and all of our children have opportunities to develop skills and enjoyment in all of these areas.

Music - All children are given opportunity to sing and play tuned and untuned percussion instruments as part of their learning in Music. We access a range of resources, including ABC Music Online, which provide opportunities for learning and enjoyment.

Art - All children experience a variety of techniques and materials used in Art; and in the senior classes, children are encouraged to appreciate the work of well-known artists. We have introduced a programme of study, which ensures progression and continuity across all aspects; and this programme will be developed, at all stages, in the coming sessions.
**Drama** - All children participate in Drama activities using a variety of contexts for learning. Often these activities arise from language discussion work or learning across the curriculum within the class.

**Sciences** - Through learning in the sciences our children develop their interest in, and understanding of, the living, material and physical world. They engage in a wide range of collaborative investigative tasks, which allows them to develop important skills to become creative, inventive and enterprising adults in a world where the skills and knowledge of the sciences are needed across all sectors of the economy. Each year, to tie in with National Science Week, all classes use the sciences as a focus for their learning.

**Technologies** - The experiences gained, by our children, through learning in the technologies, provides scope for developing technological skills, knowledge, understanding and attributes through creative, practical and work-related activities. These can be applied in business, computing science, food, textiles, craft, design, engineering and graphics.

We have set up a purpose-built suite, which allows whole classes, at all stages, to work on ICT skills at the same time. All pupils will have access to the internet and will have e-mail facilities. Every classroom has an Interactive Smartboard and internet access. We have iPads and netbooks which also enhance and ‘bring to life’ the learning experiences of all of our children.

**Spiritual, Social, Moral and Cultural Values**

We hope to foster an awareness of right and wrong and a spirit of kindness towards each and every member of our community. Religious education is taught in accordance with the doctrine and traditions of Christianity. We also hope to develop within the children an awareness of and respect for, the beliefs of other cultures as well as their own.

Currently, a whole-school programme covering Christianity and other World Religions is being delivered. Education Resources has produced guidelines on Religious Observance Policies and these are available in all establishments.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted and the pupil noted as an authorised absentee in the register.

In an attempt to make religious teaching relevant to the children, we hold regular assemblies where children have the opportunity to come together as a whole school.

Hillhouse Parish Church has traditionally had strong links with the school and we have recently welcomed the newly appointed minister, Rev Christopher Rankine, with whom we have already shared a number of events, assemblies and religious observance.
Rights of Parents / Carers
Scottish Government Ministers consider that religious observance complements religious education and is an important contribution to pupils’ development. It should also have a role in promoting the ethos of a school by bringing pupils together and creating a sense of community.

There is a statutory provision for parents to withdraw children from participation in religious observance. This right of parents’ wishes will be respected.

Where a child is withdrawn from religious observance, schools will make suitable arrangements for the child to participate in a worthwhile alternative activity.

Equalities
Integral to this guidance is the principle of mutual respect. The diversity of belief and tradition provides an ideal context in which pupils can learn about, and so learn from, what is important in the lives of themselves and others. South Lanarkshire’s guidance recognises and welcomes diversity and promotes respectful understanding.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted and the pupil noted as an authorised absentee in the register.

Equal Opportunities and Social Justice
At Udston we endorse the aims of the Education Resources’ Purpose Statement, to offer education of the highest quality by:

- Encouraging learners to achieve their maximum potential ensuring equality of opportunity.

Our aims are:

- To create an equal opportunities climate where every individual is treated with respect and can learn to work in the knowledge that his/her contribution is valued.

- To offer a learning and working environment where individuals can grow in self-esteem.

- To deliver a curriculum with learning activities which match the interests and abilities of the full range of learners and which promote the inclusion of all identifiable groups.

- To show a commitment to counteracting prejudice and injustice in whatever form it may take.

- To give equal encouragement to boys and girls in all aspects of their development.

Schools take seriously any reported racist incidents. Within the school’s approach to promoting positive discipline a record of all racist incidents is maintained and each incident fully investigated.

Schools are required to notify the local authority of all racist incidents.
Schools and education establishments have a legislative duty to undertake an assessment of equality and diversity. This is the process of systematically assessing and consulting on the effects that a policy, process or strategy is likely to have on different groups in the community who might experience disadvantage/barriers in accessing services. The process includes monitoring the actual effects of the policy once it is put into practice. Policies do not affect everyone in the same way. By assessing in the early stages, any adverse impact can be identified and minimised.

We have undertaken the following impact Assessment: Gender Equality, Race Equality and Disability Equality. Copies of these can be obtained from the office.

The Equality Coordinator for the school is Mrs Henry (Headteacher).

6) Assessment

Your child will be assessed continuously in class and the starting point will be from what your child has already been taught and learned. This will inform the teacher’s future planning and teaching.

Our teachers have become skilled in using a range of formative and summative strategies which allow the children to become reflective learners. They become involved in the setting and reviewing of learning targets, where they have the opportunity to discuss progress, strengths and development needs with their teachers.

7) Reporting

Udston Primary recognises that good teamwork among parents, children and schools is the key to a successful education for your child.

Reporting will be ongoing and will comprise of a range of activities which includes; Meet the Teacher session, curriculum workshops, Sharing the Learning Events twice yearly, final reports, and twice yearly parent/carer visits.

Our school website is regularly updated with class information and school news.

We provide parents with reports so that you can see what your child is doing and how they are progressing in their learning. In addition, our parents’ meetings offer you the opportunity to discuss how your child is doing in school and what your child has been learning. You can contact the school at anytime to discuss any matter that you wish to raise.

Our ‘pupil reports’ will help you to get to know more about the curriculum which each child follows and will describe strengths, achievements and areas for development so you know what encouragement and support you can give.

We welcome any comments or additional information from parents to help us provide the best possible education for your child.
8) Transitions

Pupils normally transfer from primary to secondary school between the ages of 11½ and 12½, so that they will have the opportunity to complete at least 4 years of secondary education. Arrangements are made by the school to transfer children to the associated secondary school as determined by their home address. Parents of P7 children will be informed of the transfer arrangements made for their child to attend secondary school.

We will also provide you with information at this time and on events designed to let P7 children visit the secondary school, meet up with other P7 children from other schools so that the transition period is as smooth as possible.

Normally children attend the school in their catchment area. However, there are times when parents may wish their children to go to other schools. If you wish your child to go to another school then you may make what is known as a ‘placing request’. If you live in South Lanarkshire and decide to submit a ‘placing request’, we are unable to reserve a place in your catchment school until the Council have made a decision on the ‘placing request’. Please note if your ‘placing request’ application is unsuccessful and all places at your catchment school are filled you will be offered a place at the next nearest appropriate South Lanarkshire School.

Please note that if an application for a ‘placing request’ is successful then school transport is not provided.

If you move out with your catchment primary school a ‘request to remain form’ must be completed. If you move out with your catchment primary, this may affect your right to transfer to the associated Secondary School. Please note the secondary school is determined by the pupil’s permanent home address and chosen denomination. If you require further information, please contact Education Support Services on 0303 123 1023.

Our pupils normally transfer to:

Calderside Academy
Blantyre
Telephone No 01698 717180.
Head teacher – Mr S. Dodds

Support for Pupils

Getting it right for every child, (GIRFEC)

Getting it Right for Every Child (GIRFEC) is a commitment to ensure that your child has the best possible start in life and to improve outcomes for children and families based on a shared understanding of their wellbeing. Most children make their journey from birth to the world of work supported by family and the universal services of Health and Education. The Named Person in education helps to make sure that the child’s wellbeing is developing. The school will let you know the named person for your child. This is likely to be the Head Teacher in a primary school and the pupil support teacher in a secondary.

If you have any concerns you should speak to Mrs Henry, who is the Named Person at this school, and who will work with you to address any issues, as well as to ensure that your child gets any help needed at the right time.

More information can be found on: www.girfecinlanarkshire.co.uk and www.scotland.gov.uk/gettingitright
9) Support for All (Additional Support Needs)-

Pupils’ pace of learning varies and may require different levels of support with their learning. Support is therefore given support within the class environment. Often support is also offered by Support Staff to give additional help to these children in small group situations; or by Mrs Farrell, Specialist Support Teacher, who works in school one day each week.

Where the learning need is more specific, parents are invited to discuss these before other agencies, such as psychological services, are involved in a supportive role.

Mrs Henry co-ordinates Learning Support; and additional support is provided by Mrs Farrell, Specialist Support Teacher.

South Lanarkshire Education resources have published a series of leaflets which cover information for parents and carers about the Additional Support for Learning Acts. These are available through the school or on the South Lanarkshire Council website www.southlanarkshire.gov.uk. The leaflets are:

- The Additional Support for Learning Act
- Requesting an Assessment
- Planning for Learning – ASP
- Planning for Learning – CSP
- Transitions
- Future Planning
- Information for Parents and Carers about moving on from school.
- Inclusive Education
- ICT Assessment
- Visual Impairment Support
- Early Years Specialist Support
- Independent Adjudication

Enquire is funded by the Scottish Government to provide information on the framework for supporting children who require additional support for learning and to encourage positive partnerships between families, schools and local authorities to ensure children get the right support.

Enquire – the Scottish advice service for additional support for learning

Enquire offers independent, confidential advice and information on additional support for learning through:

Phone Helpline: 0345 123 2303

Address: Enquire
Children in Scotland
Rosebery House
9 Haymarket Terrace
Edinburgh
EH12 5EZ

Email Enquiry service: info@enquire.org.uk

Advice and information is also available at www.enquire.org.uk

Enquire provides a range of clear and easy-to-read guides and fact sheets including The parents’ guide to additional support for learning.
10) School Improvement

Each year staff, in consultation with pupils and parents, identify school improvement priorities which help to improve teaching standards and provide pupils with engaging learning experiences. This year's priorities include:

- the implementation of the Active Literacy Programme from P1-7.
- the creation of a School Library to promote reading for enjoyment.
- the implementation of the Big Maths Numeracy Programme from P1-7.
- the ongoing promotion of children’s rights and the GIRFEC Wellbeing Indicators.

A copy of the school's Improvement Plan is available via our school website www.udston-pri.s-lanark.sch.uk.

School Meals

The school operates a cash cafeteria system, enabling children to choose between a hot meal, a hot snack or a packed lunch. Healthy eating is something that the school supports with a range of freshly cooked meals being available, all cooked in our kitchens. Children wishing to bring packed lunches, as with school meals, sit in their social groupings freely. Special diets can be catered for either on medical or religious grounds. Parents wishing to discuss these should contact the Head Teacher who will arrange the necessary contact with the catering supervisor.

Free School Meals

Children of parents who receive the following benefits are entitled to a free lunchtime meal for their child:

- Income Support, Universal Credit, Job Seeker’s Allowance (income based), Employment and Support Allowance (income related), Working Tax Credit and Child Tax Credit (where your gross annual income does not exceed £6,420 as assessed by the HM Revenues and Customs), Child Tax Credit Only (where your gross annual income does not exceed £16,105 as assessed by the HM Revenues and Customs) or receive support under Part VI of the Immigration and Asylum Act 1999.

We would encourage parents of children who are in receipt of any of the above benefits to take up this opportunity of having a meal provided for their child when they are at school. Arrangements are in place so that children who receive free meals are not singled out and we encourage all children to remain in school at lunch time.

Healthy eating is something that the school supports and a range of meals are available at lunchtime that meet the Schools (Health Promotion and Nutrition) (Scotland) Act 2007 and the Nutrient Requirements for Food and Drink in Schools (Scotland) Regulations 2008.

All meals include fresh chilled drinking water and milk will be available for those pupils entitled to free school meals through the free school meal eligibility scheme at lunchtime or for a cost of 20p.

Pupils in:

- Primary 1 - 3 receive a free school lunch.
- Primary 4 - 7 meal cost is £1.60
School Uniform
We ask all parents/carers to support the school by encouraging your child(ren) to adhere to the agreed dress code and the wearing of our school uniform. The wearing of a school uniform helps promote the identity of the school in the local community and helps create an ethos of sharing and pride in the school.

In addition, the wearing of a uniform helps towards increasing the protection of all pupils. The wearing of a uniform helps staff and the pupils to distinguish between who belongs to the school and those who may be visitors. This enables staff to approach and identify visitors more readily and helps in trying to offer a safer environment for pupils and teachers alike.

Equality of opportunity is an important aspect of the life of the school. Any proposals on the dress code and on what constitutes the school uniform will be the subject of discussion with the Parent Council and where appropriate consultation with parents, pupils and staff.

There are forms of dress which are unacceptable in all schools such as:

- the wearing of football colours
- clothing with slogans that may cause offence (anti-religious, symbolism or political slogans)
- clothing which advertises alcohol, tobacco or drugs
- clothing which can be deemed unsuitable in terms of health and safety grounds such as shell suits, combat style clothing, dangling earrings, loose fitting clothes particularly in practical classes
- articles of clothing that could be deemed to inflict damage on other pupils or be used by others to do so
- footwear that may damage flooring.

Clothing grant
In certain circumstances the Council provides support to parents/carers for the purchase of school wear.

Applications can be made online at [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk). If you are required to submit evidence of your Tax Credit income it is important that a copy of this evidence is attached to your online application. Should you require further information or you are unable to submit an application online then please contact the helpline number 0303 123 1011 (option 5).

At Udston, our learners take pride in wearing their school uniform and we ask all of our families to support the school by encouraging children to adhere to the dress code agreed as a result of the parental school uniform survey. Our Primary 7 pupils wear a special royal blue and navy tartan leadership tie which allows them to be easily identified by the other pupils and staff.

**Girls' Uniform**
- Grey skirt, pinafore or trousers.
- Royal blue or white polo shirt
- White shirt and school tie
- Royal blue or grey jumper/sweatshirt or cardigan
- Blue and white checked summer dress
- Black gym shoes

**Boys' Uniform**
- Grey trousers or shorts
- Royal blue or white polo shirt
- White shirt and school tie
- Royal blue and grey jumper/sweatshirt
- Black gym shoes

Enrolment
Any parent seeking a place at Udston Primary, for their child, may telephone the office and arrange to visit the school.

New Entrants
On the first day of the August session, children are admitted who are already 5 years old by the last day of February in the following year. Provisional Registration takes place in January for the following August. Registration dates will be given in the local press, displayed on posters in nurseries and all our pupils receive a letter informing them of the dates and times for enrolment at Udston, inviting them to inform neighbours, friends and relatives of these arrangements. Birth Certificates should be brought to the school on the date of registration, along with 2 pieces of documentation providing proof of residency.

Our infant staff visit early years establishments during term four, as part of our transition programme. Our Welcome Sessions are held during May and June. These sessions will offer your child/ren the opportunity to enjoy making new friends, meeting some of our staff and to feel that they are already a valued member of our school when they officially join us in August. The sessions also offer the opportunity for parents/carers to find out more about our school and how best we can support children’s learning generally.

If your child is starting school for the first time you must enrol your child at their catchment school in January. If parents want their child to go to another school, they must enrol in the first instance with their catchment school and ask for an information leaflet that provides details on how to make a placing request. Forms are available from the SLC website – www.southlanarkshire.gov.uk, schools, Q and A offices or by contacting Education Resources, Almada Street, Hamilton, phone 0303 123 1023. Completed forms should be returned as soon as possible to Education Resources, Almada Street, Hamilton ML3 0AE.

Enrolment date for 2017 is week commencing 16th January 2017.

Older Entrants
Older children transferring from other schools should be presented at the school by their parents.

School transport
South Lanarkshire Council has a policy of providing school transport to primary pupils who live more than one mile by the recognised shortest walking route from their catchment school. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should obtain an application form from the school or Education Resources, Hamilton, phone 0303 123 1023 or web www.southlanarkshire.gov.uk. These forms should be completed and returned before the end of March for those pupils starting the school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year and will be considered by Education Resources.

A paid privilege transport scheme is operated for mainstream school contracts where a pupil is not entitled to free school transport. Privilege transport will only be granted providing there is spare capacity on an existing school contract and will be from and to designated pick up and drop off points. Privilege transport will not be provided where a service bus is used on the school run. Any spare capacity will be allocated using agreed priorities. For more information on school transport contact Education Resources phone 0303 123 1023.
Pick up Points
Where school transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority’s distance limit for school transport.

It should be noted that it is the parent’s responsibility to ensure their child behaves in a safe and acceptable manner while travelling in and alighting from the vehicle. Misbehaviour can result in your child losing the right to school transport.

Parents are asked to note that South Lanarkshire Council does not provide transport for those pupils who attend school via a placing request.

Insurance for schools – pupils’ personal effects
South Lanarkshire Council is concerned at the level of claims being received for loss or damage to pupils’ clothing or personal effects. Parents are asked to note the Council’s position in terms of insurance for pupils’ personal effects:

(i) Theft/loss of personal effects
The Council is not liable for the loss or theft of pupils’ clothing or personal effects and any items are therefore brought into the school at the pupil/parents’ own risk. Parents can assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Teachers and other staff have been advised not to accept custody of any such items.

The same principle applies to musical instruments and other equipment used for activities within the school, which belong to the pupil, but are brought into the school. Parents should be aware that if such equipment is left in school, it is done at the pupil/parents’ own risk. In the case of valuable items such as musical instruments, parents should ensure that these items are covered by their own household insurance.

(ii) Damage to clothing
The Council is only liable for damage caused to pupils’ clothing where the damage has resulted from the negligence of the Council or one of its employees. Claims arising otherwise will not be accepted by the Council’s insurers.

Family holidays during term time
Every effort should be made to ensure that your child attends school during term time. Please contact the school as soon as possible if your child is unable to attend school.

Family holidays should be avoided during term time as this both disrupts the child’s education and reduces learning time. If holidays are taken during times when the school is open parents should inform the school in advance by letter.

If your child is taken on a family holiday during term time then in line with Scottish Government advice this will be classified as an unauthorised absence. However, in exceptional circumstances schools may register a family holiday during term time as an authorised absence when for example, parents are unable to obtain leave during the school holiday period.

Clearly, absence with no explanation from parents will mean that the absence will be recorded as unauthorised.

In our approach to raising attainment and achievement it is recognised that attendance at school is something that should be continuously encouraged. Parents/carers, children and the school all have a part to play in encouraging and stressing the importance of attendance at school.
The school holiday dates and in-service dates are available from the website www.southlanarkshire.gov.uk

Promoting Positive Behaviour
It is the responsibility of staff within the school to ensure that parent council members, parents and pupils are involved in the creation of a positive school ethos that encourages good behaviour. Equally, the school whilst trying to promote positive behaviour must support young people should incidents or bullying occur. Parents have a significant role to play in working with the school so that teachers, parents and pupils know what is expected of them in trying to change the behaviour and attitudes that contribute to bullying behaviour. A copy of our school’s Promoting and Managing Positive Behaviour Position Statement is provided to all families at the start of each session and is also available to read on our school website.

Our approach is to create an environment where better behaviour will encourage better learning. The school, along with the support of parents, can work together to create a learning environment which young people can enjoy and feel safe.

Incidents of bullying should be reported to the school immediately so that each alleged incident can be looked at. Together we can work towards creating a safer school for children and staff.

In addition, a guideline (Promoting Positive Relationships and Behaviour) has been produced to support all teaching and support staff and inform them of their roles and responsibilities in respect of dealing with the small number of children and young people who display challenging behaviour. Early identification is crucial so that intervention can be provided to support children and young people to help them address their issues and concerns. Staff training is provided to help develop the skills needed to respond to and manage challenging behaviour. A wide range of appropriate staff development opportunities has been developed for this purpose.

School Houses
As part of our approach to promoting positive behaviour, each child at Udston is allocated to one of our four Houses when they start school; Belhaven, Fleming, Wellcroft or Kelvin. The children sit in their Houses at assemblies to encourage a sense of team work. They can also earn House Points throughout the day for following our Charter of Rights, Responsible Actions and Respectful Behaviours. Our pupils also compete in their Houses on Sports Day. The winning House at the end of the year receives a surprise reward!

Buddy System
Our Primary 1 children are matched with a Primary 7 Buddy at the start of each school session. The Primary 7 Buddies take on a mentoring role as they help the new children settle into school life at Udston. The Buddies and the Primary 1 children have opportunities throughout the year to engage in a range of activities together, such as paired reading. The Buddy System is an excellent way of developing our Primary 7 pupils’ leadership skills, as well as helping our new children feel comfortable and safe in their new environment.

Child Protection
All staff in educational establishments in South Lanarkshire Council are required to attend training annually and follow the advice and guidance contained within the Education Operating Procedures.

The shared vision for Lanarkshire’s children is: “all children and young people in Lanarkshire have the right to be cared for and protected from abuse and harm in a safe environment in which their rights are respected.” All agencies will work together in a collaborative way to promote the safety and wellbeing of children and young people in Lanarkshire.
The Chief Officers and Child Protection Committees of North and South Lanarkshire Council’s are the driving force for ensuring that agencies individually and collectively work to protect children and young people as effectively as possible.

The Council has a duty in law to report suspicions that a child has been abused or is at risk of harm, in terms of the Children (Scotland) Act 1995. Therefore, Council staff have a professional and contractual obligation to report concerns to the head of establishment or the child protection coordinator immediately.

Education Resources staff and visitors from other agencies and services are required to follow these Child Protection Procedures to protect and support children and to fulfil their professional obligations to report all allegations or suspicions of child abuse.

For more information, or if you have a concern of a child protection nature, please contact the head of the educational establishment which your child attends.

The Council has produced an information leaflet – ‘stay safe’ for parents/carers on how to help ensure their child is safe when using the internet and mobile devices.

Copies are available from the school or the web: [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk)

**Keeping Safe online**
The Council has produced an information leaflet – ‘stay safe’ for parents/carers on how to help ensure their child is safe when using the internet and mobile devices.
Copies are available from the school or the web: [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk)

**Information on emergencies**
We make every effort to ensure the school remains open during term-time for pupils. However, on occasions circumstances may arise which can affect the school. Schools may be affected by, for example, severe weather, power failures or through any other circumstances that may impact on the school day. In such cases we shall do all we can to let you know if this happens. We shall keep you in touch by telephone, text, where appropriate, letters, web news and through local radio stations particularly if there are prolonged periods of severe weather. The Council’s website [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk) will be used to let you know if the school is closed and when it will re-open.

It is important for parents/carers to let the school know of any change to your mobile/home telephone number and change of address.

If for any reason, you are unsure if the school is open visit the website [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk) or email education@southlanarkshire.gov.uk

**Data Protection Act 1998**
Information on pupils, parents and guardians is held by the school to enable the teaching, registration and assessment of pupils as well as associated administrative duties. The information is stored and used as per the requirements of the Data Protection Act 1998 with South Lanarkshire Council defined as the data controller. The Council have established a data protection policy that applies to all of its schools. For more information please contact the school.
