
Early Level Home Learning Planner

Literacy

- Ask someone to help you access the website below and then listen to the story 'Don't Worry Little Crab'. Afterwards, draw a picture of your favourite part of the story.
- Write a sentence about your favourite sea creature and then draw a picture of it. Use the sentence song below to help you.
- Listen to Tiddler and The Snail and the Whale by Julia Donaldson using the links below.

Link - Tiddler
Link - The Snail and the Whale

Numeracy

- Practise your counting to 10 on these online games.
- Litter is dangerous for animals on land and under the water (especially plastic!) Can you collect some litter on your daily walk and count how many pieces you can find? (Remember to wash your hands after!)

Hello Room 1 & 2 learners. Welcome to Week 3 of our home learning project. We hope you enjoyed learning about Life on Land last week. This week's focus is Life under Water.

Our Planet

Week Three - Life Under Water

Boys and girls, when you complete a piece of work ask Mummy or Daddy to take a picture of it and send it to us:

Mrs Brown Room 2:
gw09brownjoanne2@glow.sch.uk

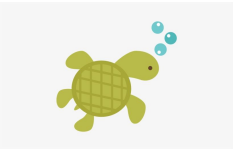
Mrs Findlay-Conaghan Room 1:
gw12findlayconaghana@glow.sch.uk

Health and Wellbeing

- With an adult, discuss what foods you like to eat. Do you enjoy any food from the sea? Draw a picture of any seafood you like to eat.
- Help an adult to prepare a meal using ingredients from the sea (prawns, salmon, fishcakes, fish pie, fish fingers). Enjoy sharing a sea-themed meal with your family.

Science

- Explore floating and sinking. With an adult's help, choose some objects from around the house and garden and predict whether they will float or sink in water. Then get a basin of water and test your predictions.
- Explore what happens to a cup of water when you put it in the freezer. Then what happens when you leave ice out in the sun.



Expressive Arts

- Draw a big fish outline on a piece of paper. Then cut out lots of little pieces of paper to be the fish scales and stick them on to your fish outline.
- Use a crayon to draw lots of creatures and plants that you would find under the sea (make sure you lean heavily!). Now use watery blue paint to create the sea. Watch what happens when the paint goes over the crayon.
- Learn the 5 oceans of the world song on the link below.

Link - 5 Oceans of the World Song

Social Studies

- Watch one of Andy's Aquatic Adventures and tell someone at home 3 facts that you discovered.
- Try to find out what is the biggest and smallest creatures that would be found living under the sea.

Link - Andy's Aquatic Adventures

Our Planet

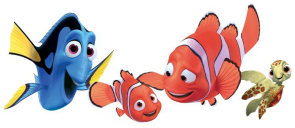
Week Three - Life Under Water

Research challenge

- Find out how many oceans there are on planet Earth.
- Which ocean is the deepest?
- What is the smallest ocean?

Eco challenge

Every year over 1 million sea creatures are killed due to plastics in the oceans. Design a poster encouraging people to use less plastic/binning it properly.



Watch a film set under the water. You could watch Finding Nemo, Finding Dory, Moana or The Little Mermaid.

Technologies

- Make a shoebox diorama showing an underwater scene. Make sure you include creatures and plants that you might find under the sea.
- Create an online world under the sea on www.sheppardsoftware.com/preschool/animals/ocean/animaloceancreate

Religious and Moral Education

- Ask a grown up to help you learn about the Bible story 'Jonah and the Whale'. Draw a picture of what happens to Jonah.
